Dear Dr. Pratt:

The last report which we have received at headquarters, Health Services, Trust Territory of the Pacific Islands, was 'A Twenty-year Review of Medical Findings in a Marshallese Population Accidentally exposed to Radioactive Fallout', written by Robert A. Conard, M.D., et al, published by Brookhaven National Laboratory in September, 1975, concerning the AEC situation there.

We would greatly appreciate receiving any subsequent reports that have been issued concerning these findings. They had been sent to us annually previously to this 1975 issue.

Anything you can do to help us in this matter will be greatly appreciated.

Sincerely yours,

  
Masao Kumagai, M.O.
